March 2026 Newsletter

Hello Riverview Families!

A reminder to parents and caregivers to please avoid parking in front of the fire hydrant as well as on the parts of the road marked with no parking signs. When vehicles park in these locations not only is it illegal, it is creating some significant safety hazards. Our buses are having a really hard time getting safely out of our parking lot when cars are parked on the road in the no parking zones and in front of the fire hydrant. Our bus drivers are really worried about hitting vehicles parked in these zones. The other concern that has come up, is students are darting across the road in front of traffic to get to parent vehicles parked on the opposite side and this has created some very near misses where students are in danger of being hit by traffic. Please avoid parking in front of the hydrant and avoid parking in the no parking zones.

Thank you for your cooperation.
